Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Culture Click is a weekly half-hour series that explores the genesis of - and reasons behind- cultural events that permeate our everyday lives. Developed and produced for viewers aged 13-16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping-off point for a deep dive into the culture viewers 13-16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society - using the power and speed of the internet and user-generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's work of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will learn when they experience Culture Click.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals-whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it's culturally relevant and important.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Station Tours WJLA offers schools and other community groups on-going opportunities to tour the station and will continue those efforts in the 2nd Quarter of 2012. School Weather Network The station has installed a weather network which includes educational materials for some local area schools. ACC Licensee, LLC, ("ACC"), licensee of WJLA-TV, Washington, DC, hereby reports that, as part of a recent review of its public inspection file for WJLA-TV, it discovered that, on the Form 398s filed from 3rd Quarter 2009 through 4th Quarter 2011, it incorrectly reported the target age for the program "Aqua Kids" as ages 8-12. The correct target age for this program, as confirmed by the syndicator and producer Showplace Television Syndication, is ages 13-16. Accordingly, the current Form 398 reflects the correct target age for this program.

Program Title		Animal Atlas 7.3
Origination		Network
Days/Times Program Regularly Scheduled		Thursdays 8 - 8:30 AM ET
Total times aired at regularly scheduled time		13
Length of Program		30 mins
Age of Target Child Audience from		13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.		Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals-whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it's culturally relevant and important.
